

I know thy works: behold, I have set before thee an open door, and no man can shut it: for thou hast a little strength, and hast kept my word, and hast not denied my name. (Revelation 3:8)

By His grace and provision, God has blessed *Thru the Bible Radio* with another outstanding year of broadcasting the Bible studies of J. Vernon McGee around the globe. Your faithfulness in praying for this ever-expanding ministry and in giving of your resources has enabled us to continue taking the whole Word to the whole world. May all the glory be given to God!

The Whole Word...

Dr. J. Vernon McGee's heart prayer was that everyone would study the whole Word of God and glean from it the spiritual riches and blessings it contains. When we work to locate and train producers for the translation of Dr. McGee's Bible studies into the various languages of the world, we look for men and women who share that same passion. When these people contract with *Thru the Bible* to produce the programs, they commit themselves to keeping their translations as close to Dr. McGee as possible, changing the vocabulary, illustrations, and idioms only when necessary to reach their cultures in the same way that Dr. McGee was able to reach his listening audience. Teaching the *whole Word* as Dr. McGee did is our commitment to God – the heavenly Author – and it is our commitment to you, the people who support this work through your prayers and giving.

...To the Whole World

When Dr. McGee went home to be with the Lord in 1988, *Thru the Bible* was being aired in 35 different languages. Today we are broadcasting on radio and the Internet in over 100 languages and dialects to over 200 of the world's nations! With your help and God's continued blessing, we move towards our goal of truly reaching the *whole world* by eventually broadcasting to all the nations of the world.

2007 ANNUAL REPORT

Radio Broadcasting

Our international broadcasting is overseen by Trans World Radio, which maintains transmitters around the world. Radio air time for all of our broadcasts continues to be paid for by the generous gifts of our listening audience, mainly those residing in North America. Listeners in other areas of the world do contribute as they are able and, unless designated otherwise, their gifts go towards broadcasting in their particular language or listening area.

Within the United States and Canada, we maintain the policy established years ago by Dr. McGee that if a station is not paying for itself, we discontinue the broadcast on that station after due notice. We ask that you tell us the call letters of the station(s) on which you hear our broadcast so we will know how to credit your contributions.

www.ttb.org

Our ministry website continues to be a remarkable and far-reaching tool for sharing Dr. McGee's Bible studies. By adding Thai last year, our total number of online languages is now 42, and people from all over the world are logging on to listen! The podcast of our English program continues to be a popular feature, and we now have all of the other online languages available as podcasts as well – both from ttb.org and iTunes.

The website is also an invaluable resource for other information and study aids. Dr. McGee's notes and outlines and booklets, as well as mp3 files of the entire 5-year program, are all available for free download. We've also added an online video, which gives an

overview of the ministry and Dr. McGee's influence on the spiritual growth of generations of people all around the world.

Listener Response

Each year we receive hundreds of thousands of listener responses worldwide – by mail, email, telephone, and even personal visits. As a listener to the program, you know that we like to share many of these responses with you so that we together can rejoice in what God is doing in people's lives through the teaching of His Word.

"My desire for you is that the Lord help you each day in the work of preaching the Word. For us this has been a great blessing because we are an elderly couple who cannot attend church because of distance and transportation. I want to tell you that we pray a lot for you because that is the only way we can help you, and it gives us great joy to see how the program reaches needy people and in the letters we hear being read we can see how people respond to the Lord. Our desire is that the Lord supply what is needed so that the gospel will reach difficult places." (A Spanish listener from Havana, Cuba)

"Our entire family listens to your beautiful spiritual radio program and are growing in our spiritual life. It has been our routine for a long time to listen regularly together and meditate upon the Living Word that we hear through your program. We pray that God may bless many more people through this incredible program." (A Punjabi listener from Punjab, India)

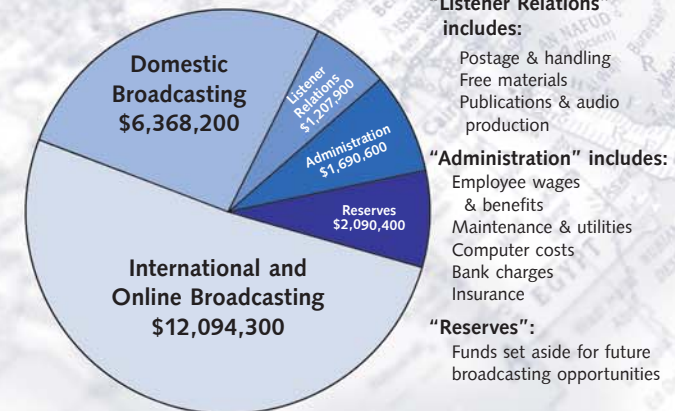

Financial Policy

Thru the Bible stays on the air by the grace of God and the faithful prayers and gifts of our listeners. It has long been our policy never to borrow money for any purpose. Because we make a 5-year commitment whenever beginning production on a new language, we seek to maintain adequate reserves to fulfill that commitment.

Realizing that many give sacrificially, and because we hold ourselves to the highest Christian standard, we consider it our moral and spiritual obligation to use your funds wisely and respectfully. Our small staff of only 16 individuals is paid competitive salaries, but without lavish perks. Our announcer and all of our Board members, including our President, contribute their time and efforts on a volunteer basis.

As you can see in the graph below, nearly 80% of our available funds in 2007 were spent on radio broadcasting.

We do not send out a detailed financial statement, but all of our accounts are audited and certified on an annual basis by an outside firm. These records are available for review during normal business hours at our office in Pasadena, California.
